

## MMA Policy Council: 2017 Work Plan

### Potential Issues:

- Support policy that would allow US residents to purchase pharmaceuticals from Canadian pharmacies (request from MMA delegation to the AMA)
- Support greater flexibility in payment/coverage policies for services associated with specific timelines (e.g., annual exams, screening tests every 5 years) to accommodate scheduling challenges (request from MMA delegation to the AMA)
- MMA policy on Medicaid block grants (no current policy)
- Recreational marijuana (no policy; legislation introduced, not likely to advance this year)

### Other Work

- Council self-assessment (for 2018 HOD)
