

Policy Forum: Quality Measurement
Saturday, September 24, 2016
DoubleTree by Hilton Hotel, Minneapolis – Park Place
St. Louis Park
Room TBD
9:30 am – 10:50 am

Goal:
 To gather physician input on the quality metrics that are the most important to improve health in Minnesota.

Agenda:

TIME	TOPIC	FACILITATOR
9:30	Welcome & Forum Overview	Dave Agerter, MD MMA President
9:35	Foundation-Setting Overview: Quality metrics in Minnesota- Statewide Quality Reporting Measurement System (SQRMS), MN Community Measurement (MNCM), and future challenges	Dave Agerter, MD MMA President
9:55	Tabletop Discussions: 1. Of the MNCM physician clinic metrics, what are the 3-5 most important measures to support improved health in Minnesota and why? 2. Among the top 3-5 selected measures, how would you like to see the measures changed//refined to better reflect quality of care? 3. What advantages and disadvantages to you see with the use of patient experience measurement?	Each table will be asked to identify a recorder to capture table discussions
10:30	Report Out by Table	Recorders from each table will report
10:45	Audience Polling & Conclusion (to including ranking of measures to identify the relative priority among all attendees of all MNCM measures)	Dave Agerter, MD MMA President

Policy Council Feedback Requested:

- Will the outcome of the discussion questions provide useful information to the Council/MMA to help improve quality measurement in Minnesota?
- Are there other key questions that are missing?
